Motivated Front-End -Developer with foundational skills in HTML5 , CSS , JavaScript and React.Js. Recently completed a web development, gaining experience in creating responsive and engaging websites. Eager to apply my technical skills and want to grow within dynamic team environment.

PROJECTS:

1. ONLINE FOOD ORDERING APP (FRONT-END)

PROJECT DESCRIPTION :

- Developed a user-friendly food ordering application designed to streamline the process of browsing menus and placing orders. The app features an intuitive interface where users can easily view restaurant menus, customize their orders, and track their delivery status. Built using HTML, CSS, and JavaScript, the project incorporates responsive design principles to ensure a seamless experience across various devices. Implemented interactive elements and dynamic content updates using JavaScript, and employed CSS Flexbox and Grid for a modern, visually appealing layout.
